

## DENIS LAW LEGACY TRUST MEDICAL POLICY

### Medical Policy.

If you have any questions about our medical policy please email:  
**[denislawlegacytrust@rgu.ac.uk](mailto:denislawlegacytrust@rgu.ac.uk)**

You / the participant accept that participation in the sessions may cause injuries, minor or major.

In the event of an accident or illness whilst taking part in a session, you / the participant hereby give permission to the staff, volunteers and first aiders to initiate first aid treatment and any necessary medical transportation and to inform your next of kin.

You / the participant agree to the participant taking part in the session at the participant's own risk, and you / the participant will not hold us, our partners, the staff, volunteers, first aiders or anyone else legitimately connected with the session responsible in the event of illness, injury or death.

**Please note, in particular, that the staff and volunteers will not administer medication to the participant.**

You / the participant have submitted true and accurate information of the participant's medical history and present condition that may affect the participant's participation or medical treatment in any part of the session.

You will inform us, the staff, volunteers and first aiders if any medical conditions have changed between submitting the registration form and the sessions happening.

If any of the staff, volunteers and/or first aiders believe that the participant's safety is compromised by continuing to participate in the session, they reserve the right to ask the participant to stop.

If the participant continues with the session, the participant will no longer be officially participating in the session and we, our partners, the staff, volunteers, first aiders or anyone else legitimately connected take no further responsibility for the participant's participation.
